Subject : Requesting the technical requirements for the Network and Computational Lab

Sir,

We are the students from E4, Dept. of CSE planning to work on project called "**Cloud based IT Infrastructure with Central Identity**". For the implementation of the project we need to setup a network lab with following requirements.

1. 4 Laptops with 8 GB Ram, 500 GB Hard Disk, Intel i3 processor.
2. 6 Laptops with 4 GB Ram, 500 GB Hard Disk, Intel i3 processor.
3. Uninterrupted internet facility with No proxy, Unlimited data.
4. 24 x 7 Lab facility.

We look forward for support with your reply.

Thanking you sir,

E4 CSE Students

P.S. The attached the document of Project Idea and Advantages.
